Catarrh Remedy

IT SPEARS FOR ITSELF.

ROCKPORT, Mass., April 2, 1872,
Mr. Editor—Having read in your paper the reports of the remarkable cores of catarrh, I am induced to teil what I know about catarrh, and I fancy the "souff" and "inholing tube" makers—meré dollai grabbers—would be glad it they could embiazon a similar cure in the papers. For 25 years I suftered with catarrh. The nasal passages became completely closed. Snuff, dust, ashes, inhaing tubes and "sticks" would not work, though at intervals I would sniff up the so-called catarrh snuff, until I became a valuable tester for such medicines. I gradually grew works and no one can know how much I suffered or what a Fiserable being I was. My head ached over my eyes so that I was confined to my bed for many successive days, suffering the most intense pain, which at ose time lasted for list hours. All sense of taste and smell gone, sight and hearing gone, nervous system shattered and constitution broken, and I was hawking and spitting seven-eights of the time. I prayed for death to relieve me of my sufferings. A favorabir notice in your paper of Dr. Sage's Catarrh Remeity induced me te purchase a package and use it with Dr. Sage's nasal douche, which applies the remedy by hydrostatic pressure, the only way compatible with common sense. Well, Mr. Editor, it did not care me in taree-fourths of a second, nor in one hour or month, but in leas than eight minutes I was relieved and in three months entirely cured, and have it mained as for eye is months, while using the Catarrh Remely I used Dr. Pierce's Golden Medical biscovery to purify my blood and strengthen my stomach. A also kept my liver active and howels regular by the use of his Pleasant Purgative Pellets.
